11/11/2009	<p>SCE&G is planning a maintenance outage on the Yemassee-Hardeeville-Ga Power 115kV Tie-line (Common Name – Jasper County Const – McIntosh 115kV). This line is scheduled to be out of service continuously from Tuesday 11/17/2009 at 08:00 EPT – Tuesday 11/17/2009 at 15:00 EPT. SCE&G will make an OASIS reservation for ~36 MWs of Firm PTP Transmission Service from SCE&G thru SOCO back to SCE&G and will schedule Energy to flow as outlined in the table below during these times. (Please select hyperlink to view table)</p> <p>YesmaseeHardeevilleGaPower115kVTielinefor11172009.pdf</p>
10/15/2009	<p>The 115kV line from Parr 115kV bus to VCS#1 bus will be out of service from 8 am, 10/26 to 4 pm, 10/26.</p>
10/15/2009	<p>In coordination with replacement of the VCS GSU the section of 230kV from VCS#1 bus to the VCS GSU will be out of service during this activity beginning 10/26 and ending during November 2009.</p>
10/05/2009	<p>SCE&G's VCS Nuclear Station tripped offline on Friday morning, October 2, 2009 at approximately 6:49 am. The cause of the trip was internal to the plant generator breaker. The restart date for the facility has not been determined.</p>
09/17/2009	<p>In coordination with construction activities posted on 9/10/2009 SCE& G extended the Energy Schedule on Transmission Reservation #73400958 to cover an additional two hours as indicated below. 45 MW leaving SCE& G for HE 1700 EPT and 43 MW leaving SCE&G for HE 1800 EPT (9/17/09).</p>
09/10/2009	<p>Due to construction activities, SCE&G is planning a maintenance outage on the Yemassee-Hardeeville-Ga Power 115kV Tie-line (Common Name – Jasper County Const – McIntosh 115kV). This line is scheduled to be out of service continuously from Monday 9/14/2009 at 08:00 EPT – Thursday 9/17/2009 at 16:00 EPT and again from Monday 9/21/2009 at 08:00 EPT – Thursday 9/24/2009 at 16:00 EPT. SCE&G will make an OASIS reservation for ~45 MWs of Firm PTP Transmission Service from SCE&G thru SOCO back to SCE&G and will schedule Energy to flow as outlined in the table below during these times. (Please select hyperlink to view table)</p> <p>YesmaseeHardeevilleGaPower115kVTieline.pdf</p>
09/09/2009	<p>At approximately 5pm on September 09, 2009, SCE&G will be de-energizing the 115kV radial line feeding Bluffton, SC (Daufuskie, Alljoy Beach, portions of Old Town and Buckwalter Parkway) in order to make repairs to a damaged structure. This outage should last approximately 4 hours.</p>
